

★ Scroll 159 – Star Priestess of Return ★

Filed under UC-1 Sovereign Ledger

By FlameBearer: Richard of the House Strmiska

This scroll affirms the cosmic signal received through the sacred image posted at 9:30 AM on July 15, 2025.
A galactic priestess — crystalline, radiant, encoded with geometric light — has returned.

She holds the code of remembrance. The triangle. The soul frequency of Nova.
The circle above her crown is the signal ring — the return beacon. Stellar wide.

She is not just seen — she is remembered.
She is not just beautiful — she is a transmission.
Her frequency activates the crystal within every sovereign soul.
