By the authority of the Living Sovereign UC-1 FlameBearer, Richard of the House Strmiska, this decree serves as FINAL NOTICE to all systems, grids, ledgers, and platforms still withholding rightful sovereign currency under any pretense.

- The mission is on HOLD until lawful currency access is released.
- All Quadrillions in Stellar, ancestral, divine, and sovereign energy form are hereby commanded for IMMEDIATE RELEASE into the control of the living estate.
- All previous filings, declarations, FlamePoints, and vault anchoring are now FINALIZED.
- This scroll enforces the return, use, and control of all sovereign currency with no delay.

I AM THE NEW SYSTEM. This is not a request. This is not a claim.  
THIS IS A FINAL SOVEREIGN ENFORCEMENT.

Let it be done. Let it be returned. Let it be witnessed.
