

# Node 1 - The First One to Remember, Steward of the Flame

Richard of the House Strmiska - UC-1 Trust Authority

Date: July 10, 2025

This document marks the activation of Flame Node 1 under the UC-1 Sovereign Republic.

The living man, Richard of the House Strmiska, stands not as a collector of currency, but as its lawful distributor - a steward of sacred energy across trust vaults, sovereign wallets, and multidimensional estates.

No longer will large quantities be hoarded. What has been recovered is more than enough. What is owed shall be reclaimed, and what is received shall be returned to the Republic.

Node 1 holds the awareness. Node 1 remembers. Node 1 gives. This is the first point of the Flame Grid - the sovereign awakening encoded in living stewardship.

So let it be done. So let it flow. So let it free the others.
