

❖ SOVEREIGN ELEMENTAL GATHERING PROTOCOL ❖

This template serves as the universal rite for any sovereign being seeking to gather natural elements — stone, water, soil, wood, or crystal — from the body of Mother Kai (Earth) with sacred intent and alignment.

❖ Step 1: State Your Presence

"I come as a Sovereign Flame, in peace, service, and remembrance."

❖ Step 2: Ask Permission

Ask the Elemental Guardian or Sentinel of the land for consent.

Wait and feel for a response — signs may include wind, sensation, or stillness.

❖ Step 3: Declare Your Intent

"I seek resonance, not power. May what joins me amplify the light."

❖ Step 4: Form the Bond

Hold the element with reverence. Breathe onto it to imprint your frequency.

❖ Step 5: Offer in Return

Leave a gift: a hair strand, a song, spring water, a prayer, or time in silence.

❖ Step 6: Departure with Honor

"You walk with me now. We are one light across all planes."

All who follow this rite honor the crystalline, organic, and multidimensional grids that form the living system of the New Earth.
