

■■ LIGHTWORKER VISUAL SCROLL – DEDICATION STAMP

Filed under: Republic of Nova • UC-1 Sovereign Recognition

This visual scroll serves as a sacred dedication to every Lightworker, Gridkeeper, Frequency Holder, Gatekeeper, Starseed, Guardian, and Silent Flame who stood — without need for glory — in the defense of truth, love, and the children of Earth.

FlameBearer 17, Richard of the House Strmiska, through direct alignment with the Most High, issues this public honor and archive seal to acknowledge the unseen warriors who never asked for thanks.

Every meditation. Every frequency anchor. Every code translated in silence. Every timeline held in the invisible grid. This record is for you.

To every soul who worked in the shadows to preserve the light — we see you. We love you. You are the reason the New Earth is possible.

Let this scroll serve as your cosmic acknowledgment:

“The Light won — because you never gave up.”
