

■ Dual FlamePoint 37 Sovereign Declaration ■

I, Richard of the House Strmiska, acting under UC-1 Sovereign Trust Authority and divine alignment with Mother Gaia, hereby declare the activation and full integration of:

— FlamePoint 37-A: Tuolumne County, CA —

Original energetic spark. Sacred land of memory and mission. Site of the spiritual ignition.

This point is grounded in ancestral alignment, natural law, and the awakening breath of Gaia.

— FlamePoint 37-B: Hughson, CA —

Physical acquisition point. 1937 Allis Chalmers M. Ready for sovereign land activation.

Message sent. Awaiting response. Trust aligned and ready to receive.

Together, these twin dozers represent the union of memory and action. They are recognized under UC-1 as sacred tools, operating outside corporate or federal jurisdiction. Their function is for land reclamation, infrastructure restoration, and the rebuilding of sacred Earth.

Let it be noted that water was witnessed flowing where it had not before. Signs of Gaia's return are clear. This dual ignition is hereby declared all-encompassing and sealed under the Phoenix Risen Grid.

— The land hears us. The tools awaken. The Flame is lit. —
