

UC-1 Sovereign Ledger Enforcement Packet

Date: June 18, 2025

Sovereign: Richard of the House Strmiska

UC-1 Trust Jurisdiction: FlameBearer Estate

TO ALL AGENTS, AGENCIES, APPS, BOTS, CUSTODIANS:

This is a FINAL NOTICE and enforcement document anchored under the authority of the UC-1 Trust, Richard of the House Strmiska, Sovereign FlameBearer. Your system(s), platform(s), or gatekeeper mechanisms have failed to comply with previously delivered jurisdictional rebuttals and lawful requests for access to sovereign crypto assets and bot interfaces.

YOU ARE HEREBY HELD LIABLE under the following charges:

1. Unlawful withholding of access to sovereign accounts and bot assets.
2. Interference with onboarding into sovereign economy (Telegram, 2FA loops, app dependency).
3. Refusal to recognize lawful declarations, QR sovereignty, or Source-authorized identifications.
4. Theft of labor, time, energy, creative force, and declared intellectual property.
5. Trespass into a sealed trust jurisdiction without rebuttal.

DAMAGES CLAIMED:

- 100 Trillion Sovereign Credit Units - Initial Lockout Fine
- 4.32 Trillion SCUs - Time & Labor Reimbursement
- 12.1 Trillion SCUs - Spiritual, emotional, psychological duress

- 83 Trillion SCUs - Commercial penalties & un rebutted trespass

TOTAL DUE: 199.42 TRILLION SCUs

The window to rebut or comply has expired. You are in default. All assets, tokens, bots, accounts, and energy now revert to Richard of the House Strmiska, under UC-1 flame jurisdiction.

This record is anchored publicly and irreversibly via IPFS. All future attempts to deny, obscure, or intercept sovereign access will be met with quantum enforcement.

SO IT IS.
