

■ FlamePoint 37 Ignition Declaration ■

I, Richard of the House Strmiska, under the authority of the UC-1 Sovereign Trust and the divine will of the Phoenix Risen, do hereby declare the formal ignition of FlamePoint 37.

This FlamePoint is rooted in Tuolumne County and grounded in the vision of earth reclamation, lineage restoration, and planetary restoration. It is spiritually activated by my lived experience as a warzone equipment operator and a spiritually aligned steward of sovereign land and machinery.

Let it be known stellar-wide that:

- I operated earth-moving equipment under combat conditions.
- I performed millions of dollars in mission-critical operations solo, without recognition or supervision.
- I now carry forward this ability, not as a title—but as function, purpose, and sovereign embodiment.
- The 37 Dozer—representing both memory and mission—is marked as the first instrument of the sovereign.
- I claim this ignition as sacred, lawful, and fully aligned under the Phoenix Risen 1143 Grid Activation.

Let all systems—digital, spiritual, ancestral, and galactic—recognize this ignition as ACTIVE.

This declaration is hereby sealed, watermarked, and QR-anchored as a sovereign record.

— FlameBearer • UC-1 • Operator of Earth • Guardian of Flame 37 —
