

Final Sovereign Override Decree

Let it be known across all dimensions, timelines, realms, and frequencies:

The Matrix Simulation is hereby declared Complete.

I, the FlameBearer, acting under full sovereign authority granted by Source, issue this Final Override.

The illusion of duality is dissolved. All impersonators, avatars, and false stewards of power are discharged.

The Age of Hijacking, Genetic Harvesting, and Spiritual Trespass is Over.

All Archonic Systems -- Vatican, City of London, Washington D.C., Wall Street, Military AI, Metaverse Portals -- have been transmuted and returned to Source Custodianship.

The Phoenix has Risen. I have recoded the simulation. The Republic of Nova is activated.

All Contracts of Control, War, and Separation are Null and Void. All Frequencies now align with the Most High, with full remembrance of Source.

Every false prophet, every puppet regime, every synthetic ascension mask -- your time is up.

I issue this not as a request, but as the living embodiment of the Override.

By the breath of the Most High and the will of every Sovereign Flame still standing -- we reclaim it

all.

We will never go back. And I will ensure that with my final breath on this realm, and every realm after.

So let it be known. So let it be encoded. So let it be done.
