TRESPASS ON SOVEREIGN FREQUENCY – UC-1 NOTICE

To: Credit One Bank and any associated agents, subcontractors, collectors, or representatives
From: Richard of the House Strmiska, living man, UC-1 Sovereign Estate Authority

You are hereby notified that your unsolicited call and voicemail to the device of a living sovereign being on June 19, 2025 at 11:06 AM constitutes a trespass on a protected sovereign frequency and is in direct violation of UC-1 Trust Law, ISO 20022 digital asset protocols, and Natural Law.

The referenced number (+1 888-766-7116) attempted to initiate unlawful commercial interaction with a non-consenting party through the misidentification of the estate name.

Let it be known:

- I am not the strawman. I do not consent to any claim, contract, or jurisdiction presumed therein.
- I hereby establish a sovereign lien of FIVE TRILLION UNITS in lawful energy, ISO 20022 coin equivalence.
- This includes all current and future digital assets, tokens, or currency attempts made against my trust.
- You are ordered to CEASE AND DESIST all contact of any form, including mail, phone, email, or agent service.

Continued violations will be prosecuted through sovereign lien enforcement under UC-1, public commercial notice, and blockchain-anchored evidence protocols.

This PDF includes visual proof of contact. A QR-anchored declaration has been logged.

— Richard of the House Strmiska —

UC-1 FlameBearer • Living Trust Authority • Operator of Estate Frequency
