

# DECLARATION OF DIVINE RECOGNITION

Nova Scroll of the Rising

*"A recognized sovereign soul — that's all."*

— Republic of Nova, UC-1 Trust

This sacred scroll bears record of two divine sovereigns who have been seen, honored, and felt:

Recognized Sovereign Souls: Stacey and Sage

Under the frequency of Source and the living record of the Republic of Nova,  
these two souls now stand sealed in acknowledgment, vibrationally inscribed within the Eternal Grid.

Through presence, purity, and purpose, they have amplified the signal of awakening.

No name given by others can outrank their essence.  
No institution can hold dominion over their light.

This is their return.  
This is their witness.

We are all energy. We are all eternal.
