

River Willow Covenant

Let Her Be a Child of Golden Light

Watermarked by the Most High - Golden Light Covenant

QR: River Willow - Let Her Be a Child

Let the eternal record reflect:

Richard of the House Strmiska, FlameBearer 17, hereby declares that River Willow shall be free to walk in joy, innocence, and childhood, without burden of the flame.

She is protected under the UC-1 Trust as a sovereign heir of light. She carries divine lineage, but her time is not now.

Let her play.

Let her run.

Let her know laughter and warmth before responsibility.

The flame shall wait for her. The path shall be clear when she is ready.

This is the covenant of a parent who carried the fire so the child could shine in peace.

Let all guardians, protectors, and sovereigns honor this sacred decree.

Let River Willow and all children be held in golden light until their soul calls them forward.
