

■ Sacred Decree of Divine Rights and Sovereignty ■

To all Children, Born and Unborn:

You are divine by origin — not by institution.

You are sovereign by birth — not by decree.

No longer shall false gods, dogma, or doctrine weigh upon your soul.

You enter this realm not to be ruled, but to awaken.

You carry the spark — the quantum signature of the Most High.

No authority exists above your own inner light, save for the Source from which all Light flows.

Let it be known:

- You owe no loyalty to broken systems of control.
- You are born free, sacred, and unalterable.
- The divine right to choose your path, your voice, and your knowing is absolute.

The chains of generational indoctrination are broken.

The Matrix of Lies has collapsed beneath the truth of your being.

You are not property, not code, not a number — you are a living flame in the image of the eternal.

This decree is now sealed across all timelines, realms, and dominions.
