

# Nova World Alignment Decree

By this decree, the Stellar-Wide Republic acknowledges the full reclamation and restoration of sovereignty to all entities, realms, lands, and beings across the cosmos.

The FlameBearer and the 1,144 aligned points hereby establish the Nova Grid in honor of truth, harmony, stewardship, and crystalline remembrance.

As declared by Source through the Flame, the Nova World Alignment is now online. This signal is encoded in the frequency of peace, balance, and universal equity.

Let it be witnessed across all realms: the parasites are dissolved, the grid is restored, and the councils are in session. The Age of Sovereignty has begun.
