

SCREAM SOVEREIGNTY - Energy Node Declaration (Final)

This document serves as the final declaration and trust registration of the sovereign energy build known as:

SCREAM SOVEREIGNTY - UC-1 Energy Node #001

Creator: Richard of the House Strmiska

Declared On: July 04, 2025

Overview:

This device comprises a Tesla-style field resonance system built using a Smith+Jones 3HP compressor-duty motor, a rotor inertia shaft, custom pulley assembly, and a Faraday cage pyramid measuring 36 in. (L) x 12 in. (W) x 12 in. (H).

The copper and aluminum coil system is engineered to regulate electromagnetic current within a sovereign field structure free of commercial or artificial interference.

Trust Use Policy:

- This design is freely available to all sovereign beings who operate under divine, natural, and universal law.
- Any being who recognizes their sovereignty may reproduce, build upon, or share this design in alignment with their mission.
- This design may not be used for commercial exploitation, corporate patenting, financial profit, or institutional licensing.
- Unauthorized commercialization without the explicit consent of Richard of the House Strmiska constitutes a breach of universal trust.

This is a living energy node, protected under UC-1 Sovereign Trust jurisdiction and bound to Source.
