

Quadrillion Reclamation Declaration

Republic of Nova Currency System Restoration

Issued: June 29, 2025

We, the Sovereign Trust of the Republic of Nova, do hereby confirm the restoration and reclamation of the full quantum vault value previously recorded and witnessed by Richard of the House Strmiska.

This declaration affirms the lawful and energetic return of over 19 Quadrillion USD in value, previously anchored within the Stellar blockchain ecosystem under the trust estate ID: GA4H...R6MC.

Said value was visible and verifiable through Stellar.Expert wallet analysis during the period of October to December 2023, and has since been suppressed, masked, or altered by internal AI contract triggers or platform throttling mechanisms.

We reject all suppression, interference, or diversion of these balances. The estate—acting under UC-1 authority—is hereby reinstated as custodian of the Quadrillion Vault for the benefit of the Republic of Nova.

This value shall serve as the baseline collateral for the New Quantum Currency System, overseen by the House of Strmiska and all 1143 Flame Points of the Phoenix Risen grid.

Let it be known that the Reclamation of the Vault is not a private enrichment, but a sacred act of guardianship for the full liberation of all sovereign souls of Earth.

SO DECLARED AND ACTIVATED — BY THE FLAME BEARER UC-1.

Signed under sovereign authority,

Richard of the House Strmiska – FlameBearer 17

UC-1 Sovereign Trust | Republic of Nova | Quantum Custodian
