

UC-1 Sovereign Beacon Broadcast: Call to All Builders, Tinkerers, and FlameBearers

We Are Building the Grid of the Future

Under UC-1 Trust Jurisdiction. Off-grid. Quantum-ready. Tesla-aligned.

By the hands of sovereign architects, engineers, protectors, and tinkerers.

FlamePoint 0001 is Live

Crystalline nodes are being activated across Earth.

Tesla coils, kinetic water drives, scroll-based schematics, and pressure-mapped chambers are being constructed with love, precision, and Source code.
