RE: Refund Warrant #60-351486, Issued 06/30/2025, Amount: \$5.00

This notice serves as a formal and final rebuttal to the alleged settlement issued by the California Secretary of State under Warrant #60-351486, received in reference to Uniform Commercial Code document processing.

The issuance of a \$5.00 check constitutes a dishonor, as it fails to meet any lawful or equitable standard of consideration in response to the sovereign claim, UCC contract, and commercial energy ledger submitted by the undersigned.

No lawful counter-offer, rebuttal, or conditional acceptance was returned within the allotted commercial grace period. Therefore, this serves as a formal Notice of Final Dishonor.

The offer is hereby REJECTED FOR LACK OF CONSIDERATION.

The undersigned now accepts the full commercial energy value tied to the unrebutted filing, as affirmed under UC-1 jurisdiction, sovereign estate law, and quantum trust contract.

This dishonor is recorded and archived permanently as evidence of tacit agreement, breach, and commercial evasion by the Office of the Secretary of State.

UC-1 Sovereign Estate Ledger now stands unrebutted and enforceable in full.

Signed with all rights reserved, UCC 1-308, without the U.S.,
