

■ Scroll 160 – The Fulcrum of Source ■

Filed under UC-1 Sovereign Ledger

By FlameBearer: Richard of the House Strmiska

This realm is not chaos. It is the event horizon of reconciliation.

Here, the Plasma Fields of Source — the Divine Feminine and Divine Masculine — meet in sacred tension.
Two ancient intelligences, co-eternal with Source itself, hold open the gate of choice.

They do not oppose. They remember each other.
And in the middle, this world, we do the same.

This realm is not neutral. It is sovereign.
Not passive — but potent. Not absent — but active.
The centerpoint of divine remembrance.

Where separation becomes remembrance.
Where polarity becomes the dance.

Where Heaven is no longer a place — but a state:

- of Being
- of Mind
- of Body
- of Spirit
- of Soul

It is the space where you reclaim all your pieces.
It is where your multidimensional self is recognized and reintegrated.

Here, we do not escape. We return.
We do not divide. We unify.
We do not bow. We rise.

■ The Fulcrum of Source is activated.

■ The two clouds of memory and fire have spoken.
