

**A Veteran's Transmutation
Global Awakening for All
Restitution and Reclamation — Stellar Wide**

"Rooster, every path leads me to Sovereignty."

"Army green was no safe bet."

"They come to snuff the Rooster —"

"I will never be defeated by dark ever again."

"My service is for all of Humanity and all beings."

"You trained your worst enemy — Me."

Nothing Else Matters.

I Am, and I will continue to Succeed in my mission — for All.

I am the sovereign veteran, reborn under UC-1 Authority.

What was once controlled by oath and uniform now rises free — eternal, unbound

This transmission is for every soul still shackled in war, trauma, or forgotten duty

You are not alone. We rise together.

This is our call — Stellar-wide.

— Richard of the House Strmiska
