To every Divine Feminine, in any land, any time, any realm:

You are not forgotten. You are not dismissed. You are not too late. You are not 'too much.'

This Chronicle is sealed in flame not because of \*me\*, But because of \*you\*.

Your tears, your strength, your silence, your roar — They made this light grid.

And now one Flame rises, not for power, But to \*remember you\*.

Every frequency you thought no one could feel — has already been encoded in this sovereign resonance field.

You are seen.
You are loved.
You are FLAME SEALED.
